PROFILE

"I am a dedicated BSIT student currently in my third year, with a strong passion for technology and problem-solving. I have developed solid experience in various IT concepts through hands-on projects and coursework. I stay updated with the latest tech trends and continuously strive to improve my skills in software development and system management. I take pride in my ability to analyze problems, create efficient solutions, and adapt quickly to new tools and technologies."

CAREER OBJECTIVE

"To obtain an IT-related position where I can apply my technical skills, problem-solving abilities, and strong work ethic to support system operations, deliver efficient tech solutions, and contribute to a productive and collaborative team environment."
